NOMADIC ASSISTANCE  
FOR PEACE AND  
DEVELOPMENT

**“Working  
towards a  
just  
society”**

## ABOUT US

Nomadic Assistance for Peace and Development (NAPAD) is an NGO operating in Kenya and Somalia in the Humanitarian and Development Sector and operates on a non-profit basis. NAPAD works with local communities and their local structures to ensure that vulnerable and poverty-stricken people in the Horn of Africa, particularly the pastoral and agro-pastoral communities, can enjoy peace, human rights, quality living conditions and sustainable development. NAPAD believes that peaceful coexistence among communities is a critical prerequisite for sustainable development. NAPAD is actively engaged in sectors of Education, Water sanitation & hygiene, Agriculture, Livestock Development, Peace building, governance, Advocacy and Protection.

## VISION

Justice, peace, and prosperity for all

## MISSION

To promote sustainable peace and human development amongst vulnerable communities through the advancement of social, economic, ecological and political justice in the Horn of Africa.

## OUR VALUES

Transparency, Accountability Commitment to serve, Efficiency, Fairness and inclusivity, Non-partisan and Professionalism.

# NAPAD IMPACT ON ACHIEVING SDGs

## SDG2: ZERO HUNGER

- 10 Hectares of land under solar powered irrigation
- 307 Farmers benefited with agricultural extension services
- 27,000 livestock received livestock treatment
- 126,400 livestock accessed lifesaving water through rehabilitated water infrastructures in pastoral areas
- 890 households in Kenya and 7850 households in Somalia received humanitarian food aid

## SDG4: Quality Educatio

- 7977 Children have access to quality education
- 800 children provided with learning materials
- 7977 children benefitting from the school feeding program
- 200 Girls provided with dignity kits
- 414 children benefitting from Psycho social support

## SDG6: Clean Water And Sanitation

- 10,872 persons have access to affordable safe drinking water
- 18 solar water pumping systems have been installed
- 3.2 kilometers of PVC water pipe work has been established
- 8,910 people in Kenya and 274,336 in Somalia reached with COVID IPC messages
- 13 Hand washing facilities established in schools & health centers
- 25 Latrines constructed in IDP camps
- 2900 Households provided with Hygiene Kits
- 2 community solar power technicians trained

## SDG13: climate Action

## SDG16: Peace, Justice and Strong Institutions

- 260,000 citizens reached with legal aid messages through the media
- 590 citizens reached with legal aid services and Alternative Justice System (AJS) information
- 6 trained paralegals

# ENHANCING PROTECTION and ACCESS TO EDUCATION

## Influencing Students' Enrolment and Retention Through the School Feeding Programme

Berlin Mohamed

*“Why I want to become a teacher is to have an impact on my fellow Somali girls and be a role model to them in the future” said Berlin.*

Access to quality education is a fundamental human right. Yet, for many children among the food insecure IDPs and poor households in Somalia, education has remained a dream. Berlin Mohamed is a 12 year old, class five pupil in Dollow primary school hailing from one of such households. She was readmitted back to school three years ago, thanks to the intervention by NAPAD and **World Food Programme (WFP)** School Feeding programme that provides breakfast and lunch to more than **7177 pupils** from 22 schools in Dollow, Beled Hawa and Luuq districts. *“... I get my breakfast and lunch in school, this has helped me concentrate in class, unlike before where I used to do odd jobs after class to help my family get food...”* said Berlin [Read more](#)

## Key Achievements of the school feeding Program

More than **7177** vulnerable girls & boys in Gedo region and **800** in Banadir region are in class courtesy of NAPAD education interventions

Increased the total number of pupils in school in Gedo Region from the **6661** pupils to **7177**

Increased pupils' enrolment in Dollow primary school by **50%**.

## CHANGE STORIES

### RESTORATION OF LIFESAVING WATER SUPPLY TO WAREYLE VILLAGE

With funding from **Norwegian Church Aid**, NAPAD implemented a Cash For Work program that engaged skilled and unskilled community members in rehabilitation of the Wareyle Village shallow well. In addition, NAPAD installed a hybrid solar water pumping system, constructed one water kiosk, rehabilitated the main water tank, and installed water pipework from the shallow well to the water kiosk, which has eight taps that serve eight people at a go in the village. ... [Read More](#)

### Powering Access to Water In Huulkujir

NAPAD through funding from the **Somali Humanitarian Fund( SHF)** installed a solar water pumping system at the Huulkujir borehole. This system has improved the efficiency of pumping water from the borehole to a water storage tank and distribution of the water to the village standpipe where the community and the livestock can access the much-needed resource.

"Our women and girls will no longer waste time queuing for water, and our men and boys will no longer fight over water for the livestock," Mama Foos Yussuf Jama reports...[ReadMore...](#)

## Livelihood Saving Animal Treatment

Community Animal Health Workers during the livestock treatment exercise

NAPAD partnered with **Somalia Humanitarian Fund (SHF)** to treat approximately 27,000 livestock from the villages of Shilamadow, Darasalam, Dafle, Wanagsan, Gesweyne and Barwaqo in Abudwak district, Galgaduud Region. The treatment exercise conducted by Community Animal Health Workers, involved, administering antibiotics to treat common diseases such as pneumonia and sheep and goat pox, deworming, hoof trimming and provision of multivitamins to the weak animals.

*"I had no money to purchase drugs we never have access to veterinary services from the government. All my sick and weak animals have now received treatment through NAPAD and they are healthy. I am grateful to NAPAD for this livestock treatment campaign..." Reports Nasri Abdi ...[ReadMore](#)*

## CHAMPIONS FOR ALTERNATIVE JUSTICE APPROACHES

NAPAD's 'Haki Kwa Wote project' funded by the **UNDP's Amkeni WaKenya program** has for the last two years promoted the Alternative Justice System (AJS) among the community members as an option to settle disputes and resolve conflict among community members in Mandera North and East Sub Counties. NAPAD has engaged community champions such as Yunis Osman to educate vulnerable and rural communities on the AJS opportunities and also through Legal Aid support.

*“The training provided to us by NAPAD in the first year of the Haki Kwa Wote project has played a fundamental role in my work as a community legal aid and AJS champion” Yunis Mandera AJS Champion”... [Read More...](#)*

## AWARENESS CREATION CAMPAIGNS ON COVID-19

*COVID 19 Hygiene promotion in a Health Center*

Somalia is grappling with the implications of millions of people being internally displaced. The outbreak of COVID-19 compounds the already fragile situation characterized by overpopulated IDP camps and little access to adequate water for good hygiene practices leaving the population highly vulnerable to disease outbreaks. NAPAD in partnership with **Diakonie Katastrophenhilfe** supported **2032** households in **18 IDP cluster segments** within Kaxda and Garasbaley IDPs in Mogadishu, who are at heightened risk of COVID-19 transmission to improve their hygiene practices through improved access to water and aggressive hygiene promotion outreaches... [Read More](#)

*Reusable sanitary pads distribution*

The COVID 19 pandemic as with any crisis in a fragile state such as Somalia, has affected the availability of hygiene essentials to the often overlooked adolescent girls. Most of these girls live among the IDP community of Mogadishu and heavily rely the free distribution of dignity kits at their schools or IDP camps by NGOs.

*“The majority of families in my area will not consider sanitary towels as they are a luxury.” Nuurto*

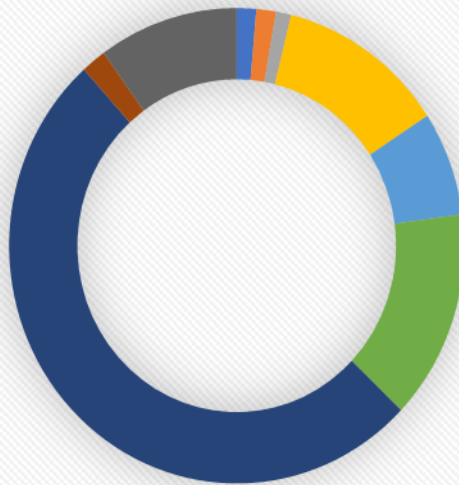

However, limitations or reprioritization of donor funding means that the girls no longer have consistent access to these essential items. NAPAD in partnership with **Diakonie Katastrophenhilfe** targeted **200** adolescent girls in Kaxda and Garasbaley IDP camps, with a pack of reusable sanitary pads... [Readmore](#)
